Kurt_Austin_GWPC_AE_Presentation.pptx

FYI, here are Kurt's slides from the GWPC AE panel. I am still working on getting the final version of Ron's presentation.

Thanks,

Lisa

Here is the complete version. Please note that Ron and Joe never saw the Summary slide – so maybe it was good that what I presented didn't include it. However, I don't think that it has anything wrong on it but does express my feelings about what should happen. Use it if you want but you may want to consider seeking Ron's or Joe's input before doing so.

Hi Kurt,

I hope you made it home safely! Could you send me the most recent version of your presentation slides?

Thanks,

Lisa
